

Safety Data Sheet

According to Regulation (EU) No. 1907/2006

Name of Dealer:

Date of Issue: March 6, 2008

Version: 1 – March 6, 2008

01. Identification of the substance/preparation and of the company/undertaking

Trade name:

Rotating polishing tools for use in technical environments.

Intended use:

Polishing of surfaces

Manufacturer / Vendor:

**DE Healthcare Ltd., Unit 9,
Kingsthorpe Business Centre, Studland Road, Kingsthorpe, Northampton NN2 6NE
Gillingham Business Park, Gillingham, ME8 0SB UK
Phone: UK +44 (0) 1634878750, Fax: +44 (0) 1634 878751
Emergency #: Chemtrec US (800) 424-9300, International: 001 703-527 3887
e-mail: info@dehpbrand.de**

02. Hazards identification

Classification:

Customary safety precautions should be taken when using small rotary milling and/or polishing tools. General safety and accident prevention rules should be obeyed and personal protective gear should always be used. Attention should be given to the information concerning the maximum rotating speed.

Additional information on hazards for man and environment:

No hazards known.

03. Composition / information on ingredients

Chemical characterization:

Wood, plastic, metal, wire, bristles, hair, leather, cotton, Scotch Brite 3M, felt

Hazardous ingredients:

Proportion: -----

Classification: -----

Substances with specified EU limiting values:

Proportion: -----

Classification: -----

Safety Data Sheet

According to Regulation (EU) No. 1907/2006

Name of Dealer:

Date of Issue: March 6, 2008

Version: 1 – March 6, 2008

04. First aid measures

General advice:

Consult a physician in case of complaints.

Inhalation:

N/A

Skin contact:

In case of allergic reaction, wear protective gloves and apply a soothing hand lotion.

Eye contact:

Flush with water and consult an eye doctor immediately.

Ingestion:

Consult a physician.

Notes to physician:

No information available.

05. Fire-fighting measures

Suitable extinguishing media:

Powder, foam, carbon dioxide.

Unsuitable extinguishing media:

Full water spray.

Particular hazards due to the substance or the preparation, its products of combustion, or the gases produced during the combustion:

In case of fire, dangerous vapors / gases can occur. Carbon monoxide, carbon dioxide.

Further information:

Residues from fires should be disposed of in accordance with local regulations.

Safety Data Sheet

According to Regulation (EU) No. 1907/2006

Name of Dealer:

Date of Issue: March 6, 2008

Version: 1 – March 6, 2008

06. Accidental release measures

Personal precautions:

No special requirements.

Environmental precautions:

No special requirements.

Suitable processes for cleaning / absorption:

No special steps required.

07. Handling and storage

Information on safe handling:

General safety rules for individuals and work equipment for engines and/or rotary hand tools should be obeyed. Completely shielding safety goggles should be worn. Dust residues from grinding/polishing should be vacuum-extracted.

Advice on protection against fire and explosion:

No special steps required.

Information on storage conditions:

The recommended storage temperature is 10 to 20°C.

Requirements of storage areas and containers:

The product should be stored in a dry, dark location and protected against moisture and contact with any type of liquid.

08. Limitation and monitoring of exposure / personal protective equipment

Respiratory protection:

A device should be installed for vacuum extraction of grinding and scrubbing dust.

Hand protection:

Protective gloves used should be checked for workplace-specific suitability (e.g. mechanical and thermal resistance, compatibility with the product, etc.).

The glove manufacturer's instructions as well as the rules from the relevant „BG“ (institution for statutory accident insurance and prevention) should be obeyed. We recommend establishing, in cooperation with a glove manufacturer as well as the BG, a hand care plan that is tailored for the specific manufacturing operation.

Eye protection:

Completely shielding safety goggles should be used.

Body protection:

Suitable protective clothing should be worn.

Information on workplace hygiene:

Hands should be clean using water and soap, and a skin care product.

Safety Data Sheet

According to Regulation (EU) No. 1907/2006

Name of Dealer:

Date of Issue: March 6, 2008

Version: 1 – March 6, 2008

Eating, drinking, or smoking should not be permitted while working. Hands should be washed before breaks and at the end of the work.

09. Physical and chemical properties

Appearance:

Aggregate condition:	<i>solid</i>
Color:	<i>varies</i>
Odor:	<i>none</i>

Safety-related data

Explosive properties:

Lower explosion limit:		n/a
Upper explosion limit:		n/a
Vapor pressure:	n/	a
Density:	n	/a
Flow time:	n/	a
Water solubility:	n	/a
pH	n/	a
Boiling point / range:		n/a
Flash point:	n	/a
Ignition temperature:		n/a

10. Stability and reactivity

Conditions to avoid:

No decomposition when used as intended.

Materials to avoid:

None known.

Hazardous decomposition products:

None known when used as intended.

11. Toxicological data

General information on toxicology:

If handled properly and used as intended, no harmful effects of the products are to be expected based on the present level of our knowledge.

12. Environmentally related data

General information on the environment:

As the product is chemically and of course biologically degradable, penetration into the ground does not result in contamination of the groundwater.

Safety Data Sheet

According to Regulation (EU) No. 1907/2006

Name of Dealer:

Date of Issue: March 6, 2008

Version: 1 – March 6, 2008

13. Disposal considerations

Disposal of the product:

The product should be disposed of properly in compliance with local regulations. Any plastic should be given to a licensed waste management company or a separate recyclables collector.

Disposal of the packaging:

The product should be disposed of properly in compliance with local regulations. Any plastic should be given to a licensed waste management company or a separate recyclables collector.

14. Transport information

General information:

Not hazardous goods as defined by ADR, RID, IMDG, GGVSee, ICAO-TI, IATA-DGR.

15. Regulatory information

Assessment of substance safety

No hazard labeling of the product required.

Labeling according to EU guidelines none

R-phrase(s) none

S-phrase(s) none

16. Other information

The data contained herein are based on the present state of our knowledge, are intended only to describe our product with regard to safety and delivery requirements, and are therefore not intended to guarantee specific properties.
